

Catching the Stars

No matter how far we see the stars
We catch them one by one

Yes, we do...
But sometimes you do not believe in us
And trust in us
That we can reach out and catch them
One by one...

So we say to you – did you reach out and
Catch your stars?
If you say “yes” you know what it feels like
If you say “no” then you have forgotten
So don’t put us down

Every day there are people who still believe
You save our lives and catch the stars with
us.

Thank you for seeing how many stars we
can catch with and because of you. Ashley.
