

## What You Can Do?

Here are some ways that you can get involved and make a difference in someone's life:

### Volunteer

- Provide one-to-one friendship and support
- Help with special events or weekly activities
- Become a member
- Apply your professional skills to the work of a committee or board of directors

### Learn and Share

Even if you can't volunteer your time, you can still help. Become informed about the issues affecting people who are labelled as having an intellectual disability and tell your friends and family what you have learned. Remember that all people have the ability to be good friends, neighbours and employees. Encourage others to give people a chance to demonstrate their skills and abilities.

## Our Mission

That all people live in a state of dignity, share in all elements of living in the community and have the opportunity to participate effectively.

Community Living Timmins  
Intégration Communautaire  
envisions a society where  
everyone belongs, has equality,  
respect, acceptance and full  
citizenship. The uniqueness and  
innate value of every individual is  
celebrated, supported and  
acknowledged as essential to the  
completeness of the whole  
community.

We help people with intellectual  
disabilities have lives that make  
sense to them on their own  
terms. What is most important to  
the person is most important to  
us. CLTIC helps build a network  
of supports that include family,  
friends, and community resources  
to help individuals meet their  
needs, dreams and aspirations as  
they navigate through life. We do  
this through the following services:

## SUPPORTIVE GROUP LIVING :

We operate six supportive group  
living settings within the city of  
Timmins. The homes are staffed  
with Support Workers 24 hours  
a day seven days a week.

Our homes comply with the  
guidelines set forth by the  
Ministry of Community and  
Social Services.

Two of our homes are  
wheelchair accessible for  
individuals who require an  
increased level of personal  
support.

Our focus is on making real  
homes for people that respects  
their need for privacy, friendship  
and personal choices.

## SUPPORTIVE GROUP LIVING SETTING:

We believe in empowering  
people to grow and achieve  
their highest level of  
independence and potential.

We tailor supports and  
services to each individual and  
their family, encouraging the  
greatest degree of  
self-determination and  
independence.
