

January 8, 2024.

Thank you for making a difference!

Community Living Timmins Intégration Communautaire since 1955, has supported people with intellectual and developmental disabilities. Community Living helps each person build a network of supports that includes family, friends, community resources and community partners.

We would like to acknowledge and applaud Amanda Scripnick, from **Northern Botanicals. Bravo!!!**

Your generous donation of a wreath has made a difference! The donated wreath was raffled off on Friday December 15, 2023, the proceeds were used towards purchasing grocery gift cards, to help our individuals supported in the community. They struggle to make ends meet, especially during the holiday season. Many were feeling "food insecure" and burdened by the extra stress associated with the high cost of groceries. Every dollar counts.

All of us at Community Living Timmins would like to extend our gratitude and express a heartfelt **Thank You** from the Individuals supported, the Staff, Management, and the Board of Directors. Together, we can all continue to make a difference.

Warmest regards,

Johanne Rondeau
Executive Director
